

The OREAD is the most unique center for lodging, hospitality, business and social activities in Lawrence, and it is environmentally friendly! Perched atop Mount Oread, at the north gate of The University of Kansas, The Oread's spectacular views look out over the Kaw River Valley and across to the campus Campanile and KU Football Stadium.

The beautifully constructed native limestone building is the perfect combination of the traditional architecture of the historic campus with a touch of contemporary elegance. It is a reinforced concrete structure with natural masonry veneers. To cut down on the use of floor finishing, the architect took advantage of the building's concrete structure and used attractive stain on concrete floors.

Kansas Ready Mixed Concrete Association
 800 SW Jackson St. Suite 1408
 Topeka, KS 66612

**WEDNESDAY
 JUNE 23, 2010**

**THE OREAD
 1200 OREAD AVE.
 LAWRENCE, KS**

**8:30 A.M. TO 3:00
 P.M.**

This seminar is designed to present the most up to date design and construction techniques to build quality concrete parking areas while at the same time reducing cost. All the meeting materials that will be handed out at the seminars are outstanding reference materials which have been developed to assist you with future parking projects.

This seminar is designed to give you the hands on experience of how to best utilize all materials so that you are familiar with them and know how to effectively use them when it is decision making time.

Who should attend:

- Architects
- Engineers
- Contractors
- Construction Inspectors
- State, County, & City Government
- Ready Mix Producers
- Public Works Personnel
- Owners
- Developers

What to bring:

- A laptop, this is a hands on software training program. You will know how to use the software for a project after this course.

What you will receive:

- Concrete Pavement Analyst Software
- LEED Reference Guide
- Designing Quality Concrete Parking Areas Guide
- Concrete Parking Delivers Guide
- Concrete Solutions for Sustainable Development
- Lunch
- Plus a Wealth of Knowledge on Concrete
- Architects – 3.75 Learning Unit Hours (HSW)
- Engineers - 3.75 Professional Development Hours

PROGRAM

8:30 a.m.	Registration
9:00 a.m.	Introduction & Opening Comments
9:05 a.m.	Overview & Hands On Experience with Concrete Pavement Analyst Software, Design Portion <i>Michael Young, SCCPA</i>
10:00 a.m.	BREAK
10:15 a.m.	Continue Hands On Experience with Concrete Pavement Analyst Software Life Cycle Portion <i>Michael Young, SCCPA</i>
11:15 a.m.	Proper Jointing & Reinforcing Steel <i>Todd LaTorella, P.E., MO/KS ACPA</i> <i>Rick Barezinsky, P.E., MO/KS ACPA</i>
12:00 p.m.	Lunch
12:45 p.m.	Concrete Pavement Rehabilitation <i>Todd LaTorella, P.E., MO/KS ACPA</i> <i>Rick Barezinsky, P.E., MO/KS ACPA</i>
1:30 p.m.	BREAK
1:45 p.m.	Concrete Overlays <i>Todd LaTorella, P.E., MO/KS ACPA</i> <i>Rick Barezinsky, P.E., MO/KS ACPA</i>
2:15 p.m.	Concrete Affecting Sustainability, <i>Charles Cox, Lafarge North America</i>
3:00 p.m.	Q&A and Adjournment
